Dear Parent/Guardian,

August 26, 2020

We hope you had a relaxing summer and had lots of opportunities to spend time with family. We are looking forward to welcoming your children back to school in September and are actively planning for the new school year. In these uncertain times, we recognize that parents want to know what school will look like when we open our doors. Given that the system looked different in the spring, parents/caregivers want certainty about the fall to the greatest extent possible.

In accordance with the Ministry of Education's move to, "Stage 2", of the Education Start Plan we have constructed thorough guidelines that the school will conform too. These guidelines will be in place effective immediately. I have shared with you the details of the stage 2 plans in my earlier correspondence during the week of August 17th, 2020.

All students and staff returning to school will follow strict management and hygiene protocols to ensure the safety of everyone. Stage 2 involves full time in-class instruction. September 9, 10 & 11 will be the student orientation week. To better understand the Health & Safety guidelines, it is very important for students to attend their designated orientation time. Due to COVID restrictions parents & visitors are required to call the school and make an appointment before entering the school building as per Ministry operational guidelines. Please see the details of the Dasmesh Re-start, covid-19 Health & Safety plans attached.

We thank you for your patience and support during this time.

Jaspal S Dhaliwal

Principal
